Opportunity Overview

CORPORATE TITLE

Analyst

OFFICE LOCATION(S)

Dallas

DIVISION

Engineering Division

Apply

graduate students. As a new analyst, you will learn about our businesses, develop important relationships, and build career-enhancing skills.

As a participant, you will:

- Learn about the firm and how we do business
- Gain the skills and knowledge necessary to support our businesses
- Have unlimited access to the training and guidance to help you prepare for the next level
- Build your professional network and interact with colleagues across the firm

Submitting Your Application

- Each applicant has the opportunity to apply to up to 4 separate business / location combinations in any given recruiting year. Any additional application will be auto withdrawn. In order to apply to an additional opportunity, you must withdraw a current application that has not been turned down.
- A single applicant should not create multiple email addresses to apply to additional opportunities

About the division

Engineering is at the critical center of our businesses. Our dynamic environment requires strategic thinking that is innovative and produces smart solutions. At Goldman Sachs, our Engineers don't just make things — we make things possible. Change the world by connecting people and capital with ideas. Solve the most challenging and pressing engineering problems for our clients. Join our engineering teams that build massively scalable software and systems, architect low latency infrastructure solutions, proactively guard against cyber threats, and leverage machine learning alongside financial engineering to continuously turn data into action. Create new businesses, transform finance, and explore a world of opportunity at the speed of markets. Engineering, which is comprised of our Technology Division and global strategists groups, is at the critical center of our business, and our dynamic environment requires innovative strategic thinking and immediate, real solutions. Want to push the limit of digital possibilities?

Who We Look For Goldman Sachs Engineers are innovators and problem-solvers, building solutions in risk management, big data, mobile and more. We look for creative collaborators who evolve, adapt to change and thrive in a fast-paced global environment.

We Offer Best-In-Class Benefits
